

# Engineers for a Sustainable World

## IOWA STATE UNIVERSITY

### Project Updates:

#### Rain Garden:

The rain garden soil prep day is set for **April 18<sup>th</sup>** in the afternoon. The planting date is on for **April 26<sup>th</sup>** (starts at 3pm). The site between Carver and Music hall is already excavated! If you are interested in volunteering to help plant the rain garden, please contact Christina at [cjlarra@iastate.edu](mailto:cjlarra@iastate.edu).

#### Nicaragua Project:

The group is currently working on the design phase for a water collection tank and discussing feasible materials that could be potentially used. Date to visit Nicaragua is set to January 2<sup>nd</sup> to 10<sup>th</sup> 2015. Group meets in Pearson 2120 every Thursday at 6pm.

#### Solar light:

They are currently in the fabrication phase and are talking to contacts about mounting the system on the building and checking the effective working of the unit.

### General Election results:

President: Noah Bergman  
Vice President: Conrad Brendel  
Treasurer: Christine Leise  
Secretary: Prerana Ganguly  
Director of projects: Ria Warriar  
Webmaster: Jacob Liedtke

### Projects for next semester:

#### Biomass gasification system:

Project leader: Elspeth Petersen

#### Water Purification system:

Project Leader: Prerana Ganguly

#### Parklet:

Project leader: Michael Bankers

**Nicaragua Project:** (Continuing from last semester)

Project Leader: Noah Bergman

### Upcoming Events:

**Chamness Technology Fundraising** on April 19<sup>th</sup>.

Morning shift: Carpool from Forker lot at 6:50 am.

Afternoon shift: Carpool from Forker lot at 11:50 am.
